TELSTRA NEXT G[®] MOBILE BROADBAND NETWORK SHARED PLANS – TERMS AND CONDITIONS

1. ELIGIBILITY

- The included data allowance available on Telstra Mobile Broadband[®] (“**TMB**”) Shared Plans (“**Shared Plans**”) may only be shared between other users on the same account who have at least one of the following Telstra Services: Telstra Business Mobile Advantage Plan, Telstra Mobile Broadband Shared Plans, Telstra Embedded Shared Plans, (“**Eligible Services**”). Telstra Mobile Broadband Shared Data Plans connected prior to 2 August 2011 are not compatible with Shared Plans.
- The TMB service permits you to use a TMB device approved by Telstra in connection with the TMB service (“**Capable Device**”) to access data over Telstra’s Next G[®] mobile broadband network.
- You must have an ABN, ACN or ARBN to be eligible to acquire a TMB service.

2. CAPABLE DEVICES

- For optimum performance on our Telstra Next G[®] mobile broadband network, you must use a Capable Device (and use it in accordance with any user guides issued by the manufacturer of that device). You will need to purchase a Capable Device directly from us.
- The Capable Device is designed to provide access to the Telstra Next G[®] mobile broadband network in a laptop PC but may also connect other customer equipment (such as selected Wi-Fi enabled smartphones and tablets) however, Telstra is unable to provide support for Capable Devices used in other customer equipment. If you wish to connect your own equipment to the TMB service using the Capable Device, Telstra provides no guarantee that your equipment will be compatible with Telstra’s networks and Telstra is unable to provide support in such circumstances.
- If you purchase a Telstra USB 4G mobile broadband device as your Capable Device, you acknowledge that special terms apply to the use of this device as set out in Our Customer Terms.
- We may terminate your access to our networks if you use it to adversely impact the operation and/or other customers’ enjoyment of our network or if you breach a material term of these terms, in accordance with the General Terms of Our Customer Terms.

- You must not use your TMB service in connection with any machine-to-machine applications (as defined in Our Customer Terms) or to connect to the Internet via another Internet service provider or to establish any point-to-point data connection with other modem.

3. SHARED PLANS

You can access the TMB service with one of the following Shared Plans (“**Eligible Shared Plans**”):

- (a) 24 month Standard Shared Plans (“**Standard Shared Plans**”);
- (b) 24 month Member (SIM Only) Shared Plans (“**Member Shared Plans**”); and
- (c) Monthly Casual Shared Plans (“**Casual Shared Plans**”).

Shared Plans allow you to access data over the Telstra Next G[®] mobile broadband network and share the monthly included data allowance between all Eligible Services on the same account.

- Eligible Shared Plans include a monthly included kilobytes component for eligible data usage and a special rate for eligible data usage in excess of the monthly included kilobytes, both of which are set out in Our Customer Terms.
- The data allowance on Eligible Services will contribute to the shared data allowance available on your account (“**Shared Data Allowance**”). Shared Data Allowance can only be used by Eligible Services on the same account. Services other than the Eligible Services that are connected to the same account as an Eligible Shared Plan will not contribute to the Shared Data Allowance and cannot use the Shared Data Allowance.
- The full amount of the Shared Data Allowance for an Eligible Shared Plan will be credited to your account irrespective of the timing of the current billing cycle at the time the new Eligible Shared Plan is connected. The Shared Data Allowance will not be pro-rated based on the timing of the current billing cycle. The monthly access fee for your Eligible Shared Plan will be pro-rated according to the timing of the current billing cycle at the time the new Eligible Shared Plan is connected.
- Any unused monthly included kilobytes are forfeited at the end of each billing month.

- Eligible Shared Plans are automatically connected to the Telstra Data Default Voice Plan and voice calls will attract the default voice rate as set out in Our Customer Terms.
- Eligible Shared Plans can access the Mobile Data Usage Meter (“**MDUM**”). MDUM usage alerts will be sent to each eligible service on the account via SMS and/or email when MDUM estimates that data usage has reached 80% or 100% of the monthly data allowance. Email alerts may also be sent to the nominated account holder if MDUM estimates account level usage for all eligible Shared services on the account has reached 80% or 100%. Details of MDUM services are set out in Our Customer Terms.
- Eligible data usage does not include, and the monthly included kilobytes cannot be used for, other calls or services set out in Our Customer Terms, including BlackBerry, Java, SMS, Premium SMS, MMS, Next G[®] network data services, content subscription services, circuit switched data services, voice calls, video calls, Video MessageBank[™] and voice MessageBank[®] or international roaming.
- If your Eligible Shared Plan has a 24-month term, at the end of your 24 month term, your service will remain on your selected Eligible Shared Plan on a month-to-month basis, if it is available. Otherwise we may roll your service onto any other monthly plan which is reasonably comparable. We will tell you before this happens. If you are not happy with your new Eligible Shared Plan, you may terminate that Eligible Shared Plan on notice to us.

4. YOUR PAYMENT OBLIGATIONS

- You must pay us:
 - (a) the monthly service/access fee for your selected Eligible Shared Plan;
 - (b) any usage fees and charges as set out in Our Customer Terms (for example, any data charges above your monthly included kilobytes and any charges for your mobile voice plan); and
 - (c) any applicable early termination charge (“**ETC**”) as set out below.

- If you have an Eligible Shared Plan and are eligible for an account level discount, the discount will only apply to data usage in excess of your monthly included data allowance.
- For data you use in excess of your monthly included allowance on your Eligible Shared Plan services, you must pay us the excess charges up to the excess usage monthly cap (“**Excess Cap**”) set out in Our Customer Terms. Amounts we charge you for the monthly service fee and for data usage for international roaming do not count towards the Excess Cap amount.

5. CHANGES TO PLANS

- You may move to another available Eligible Shared Plan at any time. If you do so, your monthly service fee, usage and call rates and included monthly kilobyte allowance will be adjusted on a pro-rata basis to reflect your new Eligible Shared Plan. You will receive the full amount of the Shared Data Allowance for the new Eligible Shared Plan irrespective of the timing of the current billing cycle at the time the new Eligible Shared Plan is connected.
- If an Eligible Service is moved to another Eligible Shared Plan in between billing cycles:
 - (a) the total amount of data contributed to the Shared Data Allowance by the Eligible Service will be removed from the original Eligible Shared Plan account;
 - (b) if the amount of data used by the Eligible Service is greater than the amount of data contributed, then the maximum amount of data removed from the Shared Data Allowance of the original Eligible Shared Plan account will be the amount used by the Eligible Service;
 - (c) if the amount of data used by the Eligible Service is less than the amount of data contributed, then only the amount of data used will be deducted from the Shared Data Allowance of the original Eligible Shared Plan account for the applicable month;
 - (d) in the event of an increase in the included monthly data allowance, the data allowance from that Eligible Service will be added in full to the new total Shared Data Allowance and can be used by all Eligible Services connected to the new Eligible Shared Plan account (it will not be pro-rated);

(e) monthly access charges associated with the Eligible Service will be pro-rated; and
 (f) any ETC will apply as set out below.

- If an Eligible Service is added to an Eligible Shared Plan and connected to the same account in between billing cycles, the data allowance from that Eligible Service will be added in full to the total Shared Data Allowance and can be used by all Eligible Services connected to the account (it will not be pro-rated). The monthly service fee will be pro-rated according to the timing of the current billing cycle at the time the new Eligible Shared Plan is connected.
- If an Eligible Service is transferred to a non Shared account in between billing cycles:
 - (a) the total amount of data contributed to the Shared Data Allowance by the Eligible Service will be removed from the total Shared Data Allowance;
 - (b) if the amount of data used by the Eligible Service is greater than the amount of data contributed, then the maximum amount of data removed from the Shared Data Allowance will be the amount contributed by the Eligible Service;
 - (c) if the amount of data used by the Eligible Service is less than the amount of data contributed, then only the amount of data used will be deducted from the Shared Data Allowance; and
 - (d) the monthly charge associated with the Eligible Service will be pro-rated from when it is transferred from the Shared Plan account; and
 - (e) any ETC will apply as set out below.
- If your Eligible Shared Plan:
 - (a) has a 24 month term and you move to a lower value plan, you will be required to pay an ETC as set out below and you will be moved to that lower value plan on a month to month basis unless you choose to purchase another subsidised Capable Device in which case you must enter into a new 24 month term. We may also charge you a \$50 administration fee;
 - (b) has a 24 month term and you move to a plan on a month to month basis, you will be required to pay an ETC as set out below; or

- (c) is on a month to month basis and you make more than one change to your plan in a two month period, we may charge you a \$50 administration fee; or
- (d) has a 24 month term and you move to a higher value plan, your existing 24 month term will continue, and you may move back to your original lower value Eligible Shared Plan and you will not be required to pay an ETC.

6. CANCELLING 24-MONTH PLANS

You may terminate your Eligible Shared Plan at any time. However, if during your 24-month term, you terminate your Eligible Shared Plan, move to a monthly plan, or we deactivate your Eligible Shared Plan for a material breach by you, we may charge you an ETC, calculated as follows:

$$\frac{\text{Base ETC amount for your selected plan} \times \text{Number of months (or part thereof) remaining in your 24 month term}}{24}$$

- The Base ETC amount for each Standard Shared Plan varies depending on the Capable Device you have taken with that plan. The Maximum ETC amounts for Standard Shared Plan (GST Inclusive) are as follows: \$45 = \$1,080; \$55 = \$1,320; \$95 = \$2,280.
- The Base ETC amounts for Member Shared Plan are as follows \$35 = \$440; \$45 = \$510; \$85 = \$680.
- The ETC specified here is in addition to any ETC that may apply if you cancel your mobile voice plan.

7. CAPABLE DEVICE AND MOBILE REPAYMENT OPTION (“MRO”)

- 24 month Standard Shared Plans include a Capable Device at a partially or fully subsidised price. If there is a charge for your Capable Device (“**Device Charge**”) you have to pay us the Device Charge in monthly instalments for 24 months, in addition to your Monthly Fee. If your plan is cancelled, terminated or you recontract with us before the end of the 24 month term, you must pay any remaining Device Charge, in addition to any other amounts payable to us.

- Customers connecting to a Eligible Shared Plan on a month-to-month basis or a 24 month Member Shared Plan do not receive a subsidised Capable Device but are eligible for a standard MRO as set out in Our Customer Terms. Only one MRO may be entered into under each Eligible Shared Plan. We must separately approve applications for four or more MROs per customer.
- If you do not repay the Mobile Repayment Amount when due, this may result in suspension or termination of your TMB service or account in accordance with the General Terms of Our Customer Terms. If, for any reason, you cease to be connected to the Eligible Shared Plan to which your MRO relates, before the expiry of the MRO Term, we may direct you to repay the balance of the Mobile Repayment Amount outstanding, in addition to any other amounts payable to us.

8. PRIVACY CONSIDERATIONS

Please read Telstra's "Protecting Your Privacy" statement carefully. It summarises how Telstra, its related companies and its dealers will collect, use and disclose your personal information (including for marketing to you) and your rights in relation to accessing and correcting that information.

9. GENERAL

- Our Customer Terms apply to all Telstra services relevant to this application.
- The offers specified in this application are not available with any other Telstra offer unless we specify otherwise.

- I acknowledge that my TMB device is programmed to operate on the Telstra Next G[®] mobile broadband network. If I wish to use my TMB network device on other networks, I acknowledge that a network unlocking fee of \$27.50 will apply.
- It is important that you read and understand the terms set out in this Application Form, the pricing brochure and our Business Mobile Services "Important Information – Your Rights and Obligations" Booklet ("Booklet"), before signing. We must give you these documents before you sign this application. It is also important you consider the Telstra GPRS terms and conditions and Our Customer Terms as amended from time to time which are available online at Telstra.com and can be viewed before you sign the application. If there is any term that you do not understand, please discuss it with the dealer or us before signing. Only sign the application form if you wish to proceed with your application.

- If you use your Telstra service overseas, you will be charged for international roaming. If you use mobile data services overseas, it won't come out of your included data, and unless you take up a separate plan, you will be charged \$15 per MB.
- Telstra Video MessageBank™ may be a feature of my TMB service and, if it is, I will incur charges for all unanswered calls and retrieval of messages. If I do not want unanswered calls diverted to Video MessageBank I will ask Telstra Customer Service or refer to my Telstra Mobile Offers Booklet for instructions.
- Telstra Mobile MessageBank[®] is a feature of my Telstra mobile service. International Roaming may also be bestowed as part of my service. I confirm that Telstra, its related bodies and its dealers may obtain information about me, on the terms and for the purposes set out in the "Privacy Considerations" section on the back of this form and the Booklet.
- I understand that it is my responsibility to ensure that I use the TMB service in accordance with the minimum hardware and software requirements, details of which are available from Telstra or a Telstra Dealer.
